PROFESSIONAL SUMMARY

Backend Engineer with 2+ years of hands-on experience across backend development, website maintenance, and full-stack delivery. Contributed to 5 distinct websites using Node.js, TypeScript, Strapi, PostgreSQL, Postman, PHP, MySQL, JavaScript, and React.js, with additional experience in UI/UX collaboration and stakeholder communication. Computer Science graduate with a strong problem-solving mindset, attention to detail, and adaptability in team-based environments.

CORE SKILLS

Backend Development | Node.js | TypeScript | JavaScript | Strapi | PostgreSQL | MySQL | Postman | API Testing | CMS Management | Website Maintenance | Feature Development | Full-Stack Development | React.js | PHP | HTML | CSS | Git | GitHub | Jira | UI/UX Collaboration

PROFESSIONAL EXPERIENCE

Backend Engineer | Oct 2025 - Present

- Developed and maintained three live client websites—sibs.sch.id, asiaharumsedap.com, and abn.farm—using Node.js, TypeScript, Strapi, PostgreSQL, and Postman.
- Supported backend-driven feature delivery, content updates, and ongoing maintenance for production websites across multiple client accounts.
- Tested and validated API requests and responses with Postman during development and troubleshooting cycles.
- Collaborated with internal and client-facing stakeholders to implement website updates aligned with business and content requirements.

IT Support | May 2025 - Oct 2025

- Maintained and monitored the BEST and BESTLIFE websites to support stable performance across two company web properties.
- Implemented and enhanced website features based on user needs, improving usability and user experience.
- Coordinated with cross-functional teams to optimize workflows and support operational efficiency.

Technical Internship | PT Berkas Elektrik Sejati Tangguh | Feb 2024 - May 2025

- Researched and redesigned the BEST and BESTLIFE company websites using Figma, improving UI/UX consistency and visual appeal.
- Developed and launched two company websites using HTML, CSS, JavaScript, PHP, and MySQL, ensuring responsive layouts and production-ready functionality.
- Collaborated with stakeholders to align design and functionality with business requirements.

EDUCATION

Undergraduate Degree in Computer Science | 2025

GPA: 3.48/4.00

PROJECTS

Nganteen | UI/UX Designer and Full-Stack Developer

- Built a web-based food and beverage ordering application for campus environments to streamline ordering during peak hours.
- Technology: Figma, TypeScript, React.js, Drizzle, PostgreSQL, NeonDB, Vercel.
